**PLAY AND MAKE MUSIC CLASSES AT THE TOTAL SPORTS COMPLEX NOVI FALL 2017**

Looking for a place where your child can develop learning skills through music and motor activities, use cooperation and social skills to make new friends and be introduced to structured activities that will help prepare for pre-school? Come with your child to experience open play on **Novi's largest indoor playground**. Children sing, play rhythm instruments and move to the beat during interactive music that focuses on concentration, following instructions, and growing upon skills week to week. The open playground fulfills your child's insatiable curiosity to explore, play on balance beams, climbing structures, kid sized trampoline and dozens more toys and games.

Marie Kennedy has combined her passion for working with children with her love of music. She has over 20 years' experience teaching countless pre-school programs.

Classes will be held at Total Sports Complex Novi 41550 Grand River Ave, Novi MI 48375 NW corner of Grand River and Meadowbrook behind Gateway Condominium

**Playtime Band/Baby (Walking-18 months old with adult)**

Babies and their parents split time between our indoor playground and developmental group activities. With ample time spent on the indoor playground, babies can explore freely and direct their own play. With your support your baby will also enjoy playing instruments, learning rhythm and movement. Some favorites include "Parachute Merry-go-Round" and "Do the Belly Button" with bubbles. This class offers the time, freedom, and support babies need to feel self confident.

**Playtime Band/Toddler (18-30 months old with adult)**

Growing toddlers will enjoy open play on the indoor playground where they can run, jump, slide, and play freely. Children are also encouraged to sing, play rhythm instruments, and move to the music during structured music time that enhances their language, cognitive, social and motivational skills. The warm sounds and feelings of music will draw everyone together. We have fun playing "Parachute Merry-go-Round" and doing "The Belly Button" with bubbles. Your toddler's insatiable curiosities to explore and learn are fostered in this class.

**Playtime Band/Child (2 1/2-4 years old with adult)**

Social skills develop while children play, share, and make new friends as they explore the indoor playground and develop learning skills through music and motor activities. Interactive music activities teach listening skills, spatial concepts and cooperation. Rhythm instruments such as wrist bells, rhythm sticks, tambourines and lollipop drums along with fun and lively songs will keep children learning and growing, while the indoor playground encourages children's creative play and develops social skills.
